

FIRST EURO-DIVERS IDC IN EGYPT

Euro-Divers Worldwide concluded with success its first IDC in Egypt last April.

The candidates achieved outstanding scores and impressed us all, thankful to the great job of our Course Director Dr. Bence Szentklaray and the valuable hands-on experience previously achieved during our internship.

The combination of our six months Dive Master internship with the ITC coming right after proved to be the best choice for any future instructor candidate, which is immersed on a real dive center and assisted by a role range of different nationality instructors.

The celebration party held on a well-known nightclub in Hurghada – Red Sea put together all PADI staff members of the two Euro-Divers IDC Centers in Egypt (Club Med El Gouna & Grand Hotel Hurghada)

Well done **Melissa Di Paola** our first **OWSI**, **Daniel Martello** and **Laetitia Gacon** first **IDCS** instructors and **Pierre Gobinet** (winner of the **PADI Go – Pro**) contest in 2007 and currently part of our IDCS team for all his help
