

LAMP STACK DEVELOPER

PADI, the global leader in Scuba Diver Training, is expanding our in-house technical team. We are searching for two full-time LAMP STACK DEVELOPERs to join our rapidly expanding technology group at our corporate headquarters in Rancho Santa Margarita.

PADI offers its employees a unique culture centered around an active lifestyle, fun and hardworking colleagues, interesting work, competitive salary and outstanding benefits. We are an amazing company searching for amazing people to join our team!

Founded in 1966, PADI has grown consistently through our 52 years in business, continually raising the bar for the industry we are all so passionate about. We know who we are as a company but never let that hold us back from reinventing ourselves and keeping our mission modern and relevant. One thing that stays consistent is our mission to be “The Way the World Learns to Dive”. PADI certified our 25 millionth diver in 2016, an achievement no other scuba diving agency can claim.

PADI strives to create a work environment that respects individual contribution while maintaining a strong team approach for successful execution of business objectives. The executive team believes in a work-life balance that enables employees to meet their personal and family needs with flexible hours and an extensive benefits plan.

PADI has been voted an Orange County Top Workplace in 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015 and 2016.

The LAMP Stack Developer will play a key role in building, extending and configuring PADI’s Drupal websites. They will work collaboratively with stakeholders to develop sites in Drupal 8 that support and align with PADI’s business objectives and stakeholder requirements.

Duties and responsibilities will include:

- Builds, extends and configures Drupal sites using core and contrib modules (site-building).
- Develop Drupal 8 modules and custom features based on stakeholder requirements.
- Maintain and add new functionality to existing Drupal 8 website.
- Maintain and optimize development operations.
- Produce clean, quality code built for scalability and performance.
- Review and test code.
- Participate in daily Scrum meetings.

Our ideal candidate will have the following experience, demonstrated skills, and education to qualify for the role:

- Extensive knowledge and experience with Object Oriented PHP & Drupal 8.
- At least 3-5 years of professional Drupal module development.
- Strong background in full LAMP stack.
- Experienced in web API usage and development.
- Experience with automated testing tools and continuous integration.
- Fully understands the development lifecycle and ability to deploy at every stage.
- Strong background with Javascript and JS libraries.
- Proficient in web technologies such as HTML5, CSS3, SASS, and Bootstrap.
- Experience working collaboratively using version control systems (Git/GitHub).

- Ability to work independently and/or as part of a team.
- Experience with agile and scrum concepts and practice.

In addition to the skills and experience noted above, the following skills would “WOW” us but they are not required:

Developer Bonus Points:

- Experience with PHP frameworks like Symfony or Laravel.
- Experience with Magento.
- Experience with the Atlassian platform and services.
- Experience with Acquia services.

Devops Bonus Points:

- Experience with Ansible.
- Experience with Travis CI or Jenkins.
- Experience with Acquia BLT.

Frontend Bonus Points:

- Experience with style guides like Pattern Labs or KSS.
- Understanding of Atomic design.
- Experience with component driven frontend development.
- Experience with JS frameworks/libraries like Angular, React, Backbone, Underscore.

PADI is an Equal Opportunity Employer. In addition to a 9/80 work week which provides all participating employees with every other Friday off; the company also offers robust benefit plans at little cost the employee, and a wellness program with rewards for participating employees. Among the highlights at our Orange County headquarters are multiple break rooms, including a large one with a pool table, a ping-pong table, vending machines and books for leisure reading. Recreational amenities include an on-site gym, half basketball court, an on-site swimming pool and shower-equipped locker rooms. Also offered onsite are PiYo and yoga classes. Our employees also benefit from generous time off and a 401(k) with match.

If this job sounds interesting to you and you meet these requirements described above we'd like to get to know you! Please submit your resume & salary requirements at jobs@padi.com. To learn more about our company visit us at www.padi.com. Applicants must possess the right to work in the United States.
