- Demonstrated ability to build testable and reusable services.
- Commitment to best coding and design practices.

Founded in 1966, PADI has grown consistently through our 52 years in business, continually raising the bar for the industry we are all so passionate about. We know who we are as a company but never let that hold us back from reinventing ourselves and keeping our mission modern and relevant. One thing that stays consistent is our mission to be “The Way the World Learns to Dive”. PADI certified our 25 millionth diver in 2016, an achievement no other scuba diving agency can claim.

PADI strives to create a work environment that respects individual contribution while maintaining a strong team approach for successful execution of business objectives. The executive team believes in a work-life balance that enables employees to meet their personal and family needs with flexible hours and an extensive benefits plan.
