

Grand Reopening

Operational Checklist

As certain areas in the world are already getting back to business, we created this document to encourage our members to prepare for the comeback! In this checklist you'll find key points to help you keep track of the reopening essentials. Continue visiting the PADI Resource Hub for the latest updates.

- Go through the marketing checklist and make sure all your communication needs are taken care of.**
- Get involved with the PADI Adventures app to encourage local diving during the reduced mobility period.**
- Check your PADI resources for any Training procedures or Health & Safety updates.**
- Prepare the classroom and rental gear for increased training volume and new health and safety requirements.**
- Follow merchandising best practices and prepare the store for reopening maintaining all the social distancing and cleanliness requirements.**
- Establish cleaning routines and health procedures following authorities' guidelines. Make sure to communicate them to your staff to implement them**
- Fill up on essentials such as antibacterial gels and wipes to be able to carry on with the cleaning requirements.**
- Contact suppliers and ask for help. See what they can offer to help your business get back to the new normal.**
- Contact your eLearning and distance learning students to attend the remaining portion of their classes.**
